## **PROFESSIONAL EXPERIENCE:**

### **Court Appearances & Acceptances as an Expert**

Mr. Matheson has qualified and testified as an expert witness in New Jersey State and Federal Courts on various matters.

New Jersey – Counties: Morris, Union, Bergen, Essex, Somerset, Middlesex

### **Litigation Experience**

Litigation support involving divorce (lifestyle analysis, tax-effected balance sheet preparation, alimony and child support analysis). Valuation of closely held businesses, stock options and restricted stock for capital gain, gift tax and compensation purposes. Valuation of businesses for partner and shareholder disputes, contract disputes, marital disputes. Investigative accounting and fraud analysis. Assistance with strategy formulation, research, and negotiations. Preparation of wage and economic loss report. Deposition and court testimony. Negotiations for merger and acquisition purposes. Provide analysis to mediation attorneys to assist in settlement.

### **Specific Industry Experience**

Consulting, internet based businesses, computer consulting, affinity marketing companies, legal practices, manufacturing, food production and brokering, electrical contractors, printing, consumer products, farming, private schools, pharmaceutical companies, medical practices, plumbing and heating, contractors, daycare centers, personal services, financial services, food and drink establishments, marketing services, advertising agencies, educational services, jewelers, architectural firms, engineering firms, dental practices, hair salons, real-estate, and cleaning services.

### **Accounting & Taxation**

More than sixteen years of public and private accounting experience with international and local companies including Deloitte & Touche and AT&T. Experience includes audit, taxation, accounting for individuals, businesses and non-profit organizations with sales ranging from 35 billion to \$100,000. Built and managed public accounting practice since 1994.

### **Technology**

Designed and built a complete customer database and financial reporting system for Internet start-up company ultimately purchased by Pearson of England. Experience included complete system and network design, data architecture and hardware needs. Data gathered from various web and non-web sources edited, processed, promotions and fulfillment calculated, and imported into web-site reporting system for customer reporting and stored in an Access database for program evaluation reporting. Data then imported into accounting system for financial reporting. Successful migration to new accounting system. Complete responsibility for data quality control, accounts payable and accounts receivable, disbursing and receiving checks and bank reconciliation, system and accounting procedures.
